01. technologies

innovative openR panorama screen

With its three seamlessly integrated 12.3" panorama screens⁽¹⁾, indulge in new perspectives for an immersive experience. Access driving information via the cluster, integrated navigation and control driving through the central screen. Extend your connected journey with an additional digital surface focused on passenger comfort and entertainment.

Enjoy a large augmented reality head-up display⁽²⁾ and access key driving information, without ever taking your eyes off the road.

My Renault app simplify your life: locate your car position in a parking lot, maintenance history, service reminders. With digital key, open, start, lock the vehicle doors. No need to take your smartphone out of your pocket.

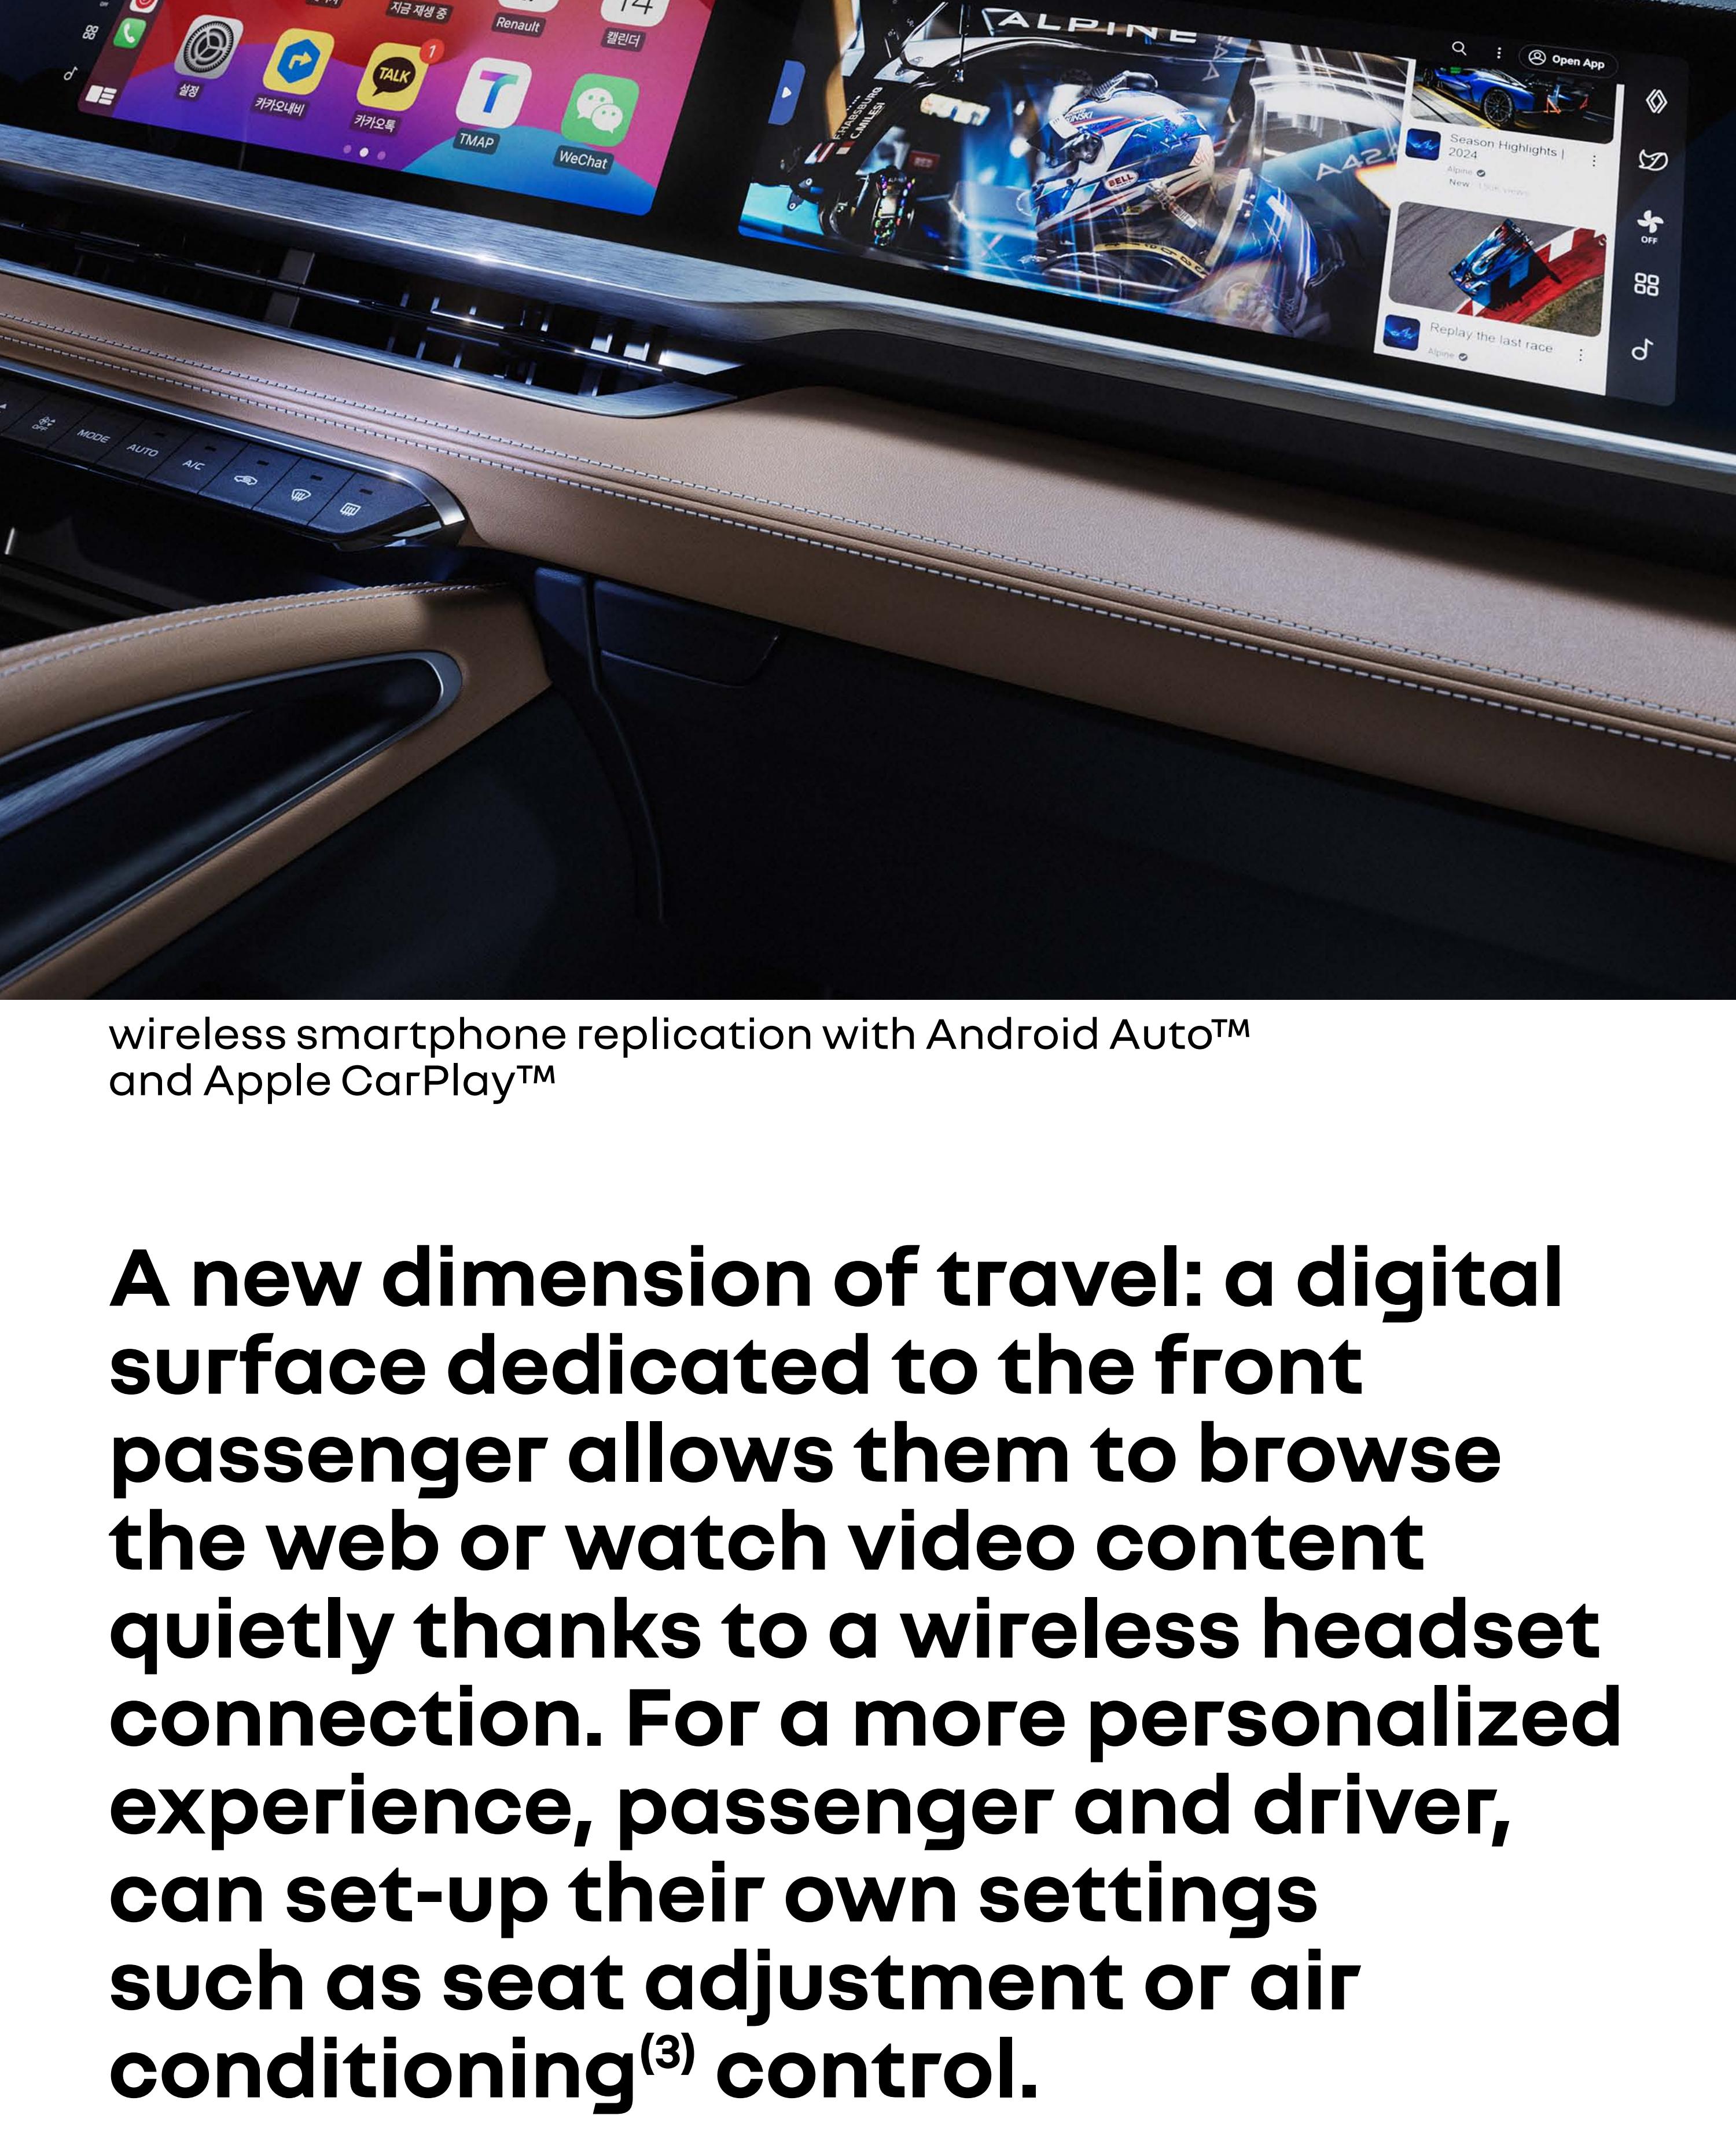

⁽¹⁾ option on techn. ⁽²⁾ optional.

01. technologies

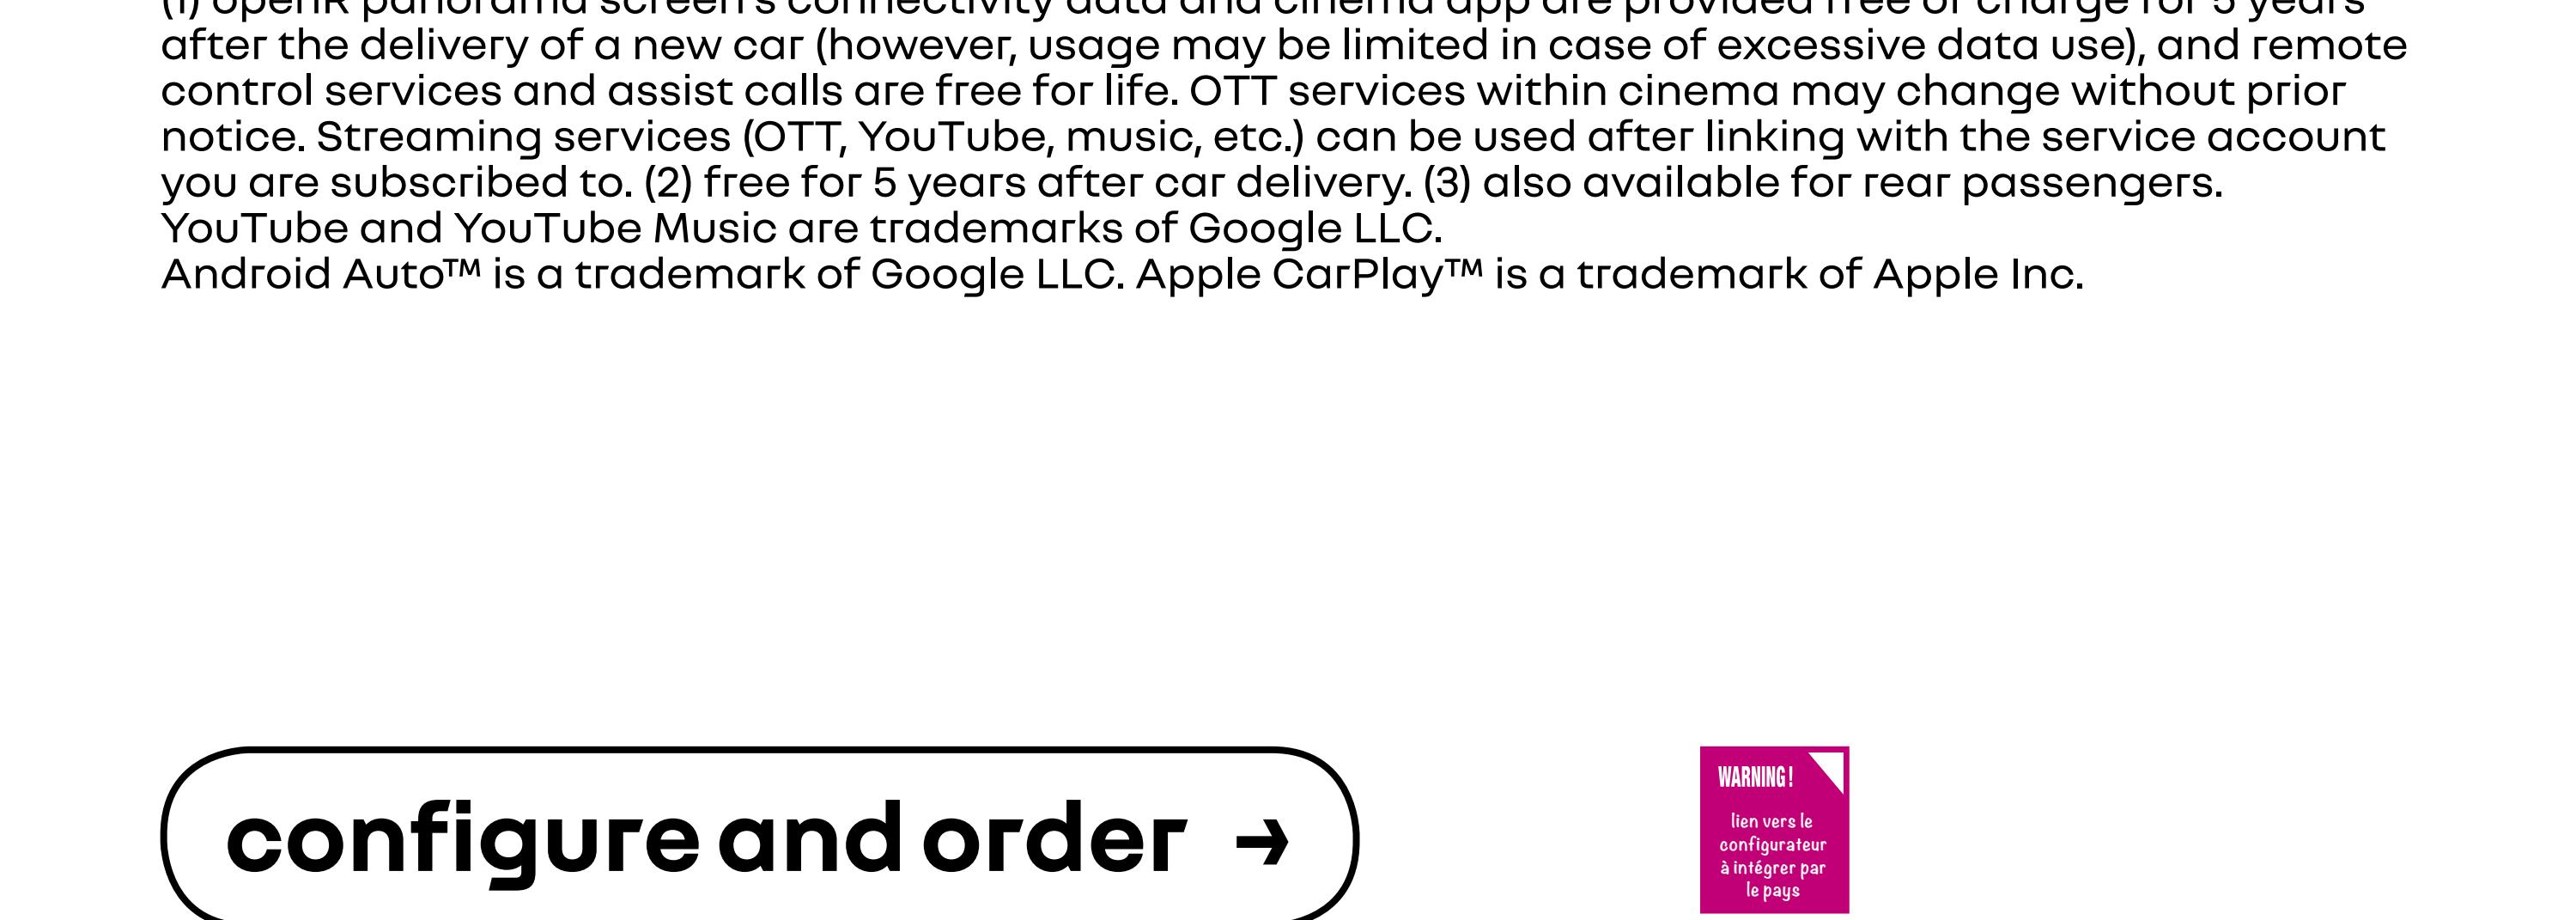

cutting-edge connectivity

With Renault Grand Koleos onboard 5G connectivity, rely on top-tier connection quality and speed to experience the best of technology. Connected navigation via TMAP⁽¹⁾ and voice car control with NUGU auto⁽¹⁾ are dedicated to enhancing your peace of mind. Access a continually enriched catalog of applications through the TMAP store⁽¹⁾. Plus, with over-the-air updates⁽²⁾, your vehicle always benefits from the latest enhancements.

wireless smartphone replication with Android Auto™ and Apple CarPlay™

A new dimension of travel: a digital surface dedicated to the front passenger allows them to browse the web or watch video content quietly thanks to a wireless headset connection. For a more personalized experience, passenger and driver, can set-up their own settings such as seat adjustment or air conditioning⁽³⁾ control.

(1) openR panorama screen's connectivity data and cinema app are provided free of charge for 5 years after the delivery of a new car (however, usage may be limited in case of excessive data use), and remote control services and assist calls are free for life. OTT services within cinema may change without prior notice. Streaming services (OTT, YouTube, music, etc.) can be used after linking with the service account you are subscribed to. (2) free for 5 years after car delivery. (3) also available for rear passengers. Android Auto™ is a trademark of Google LLC. Apple CarPlay™ is a trademark of Apple Inc.

02. on-board living

optimal comfort

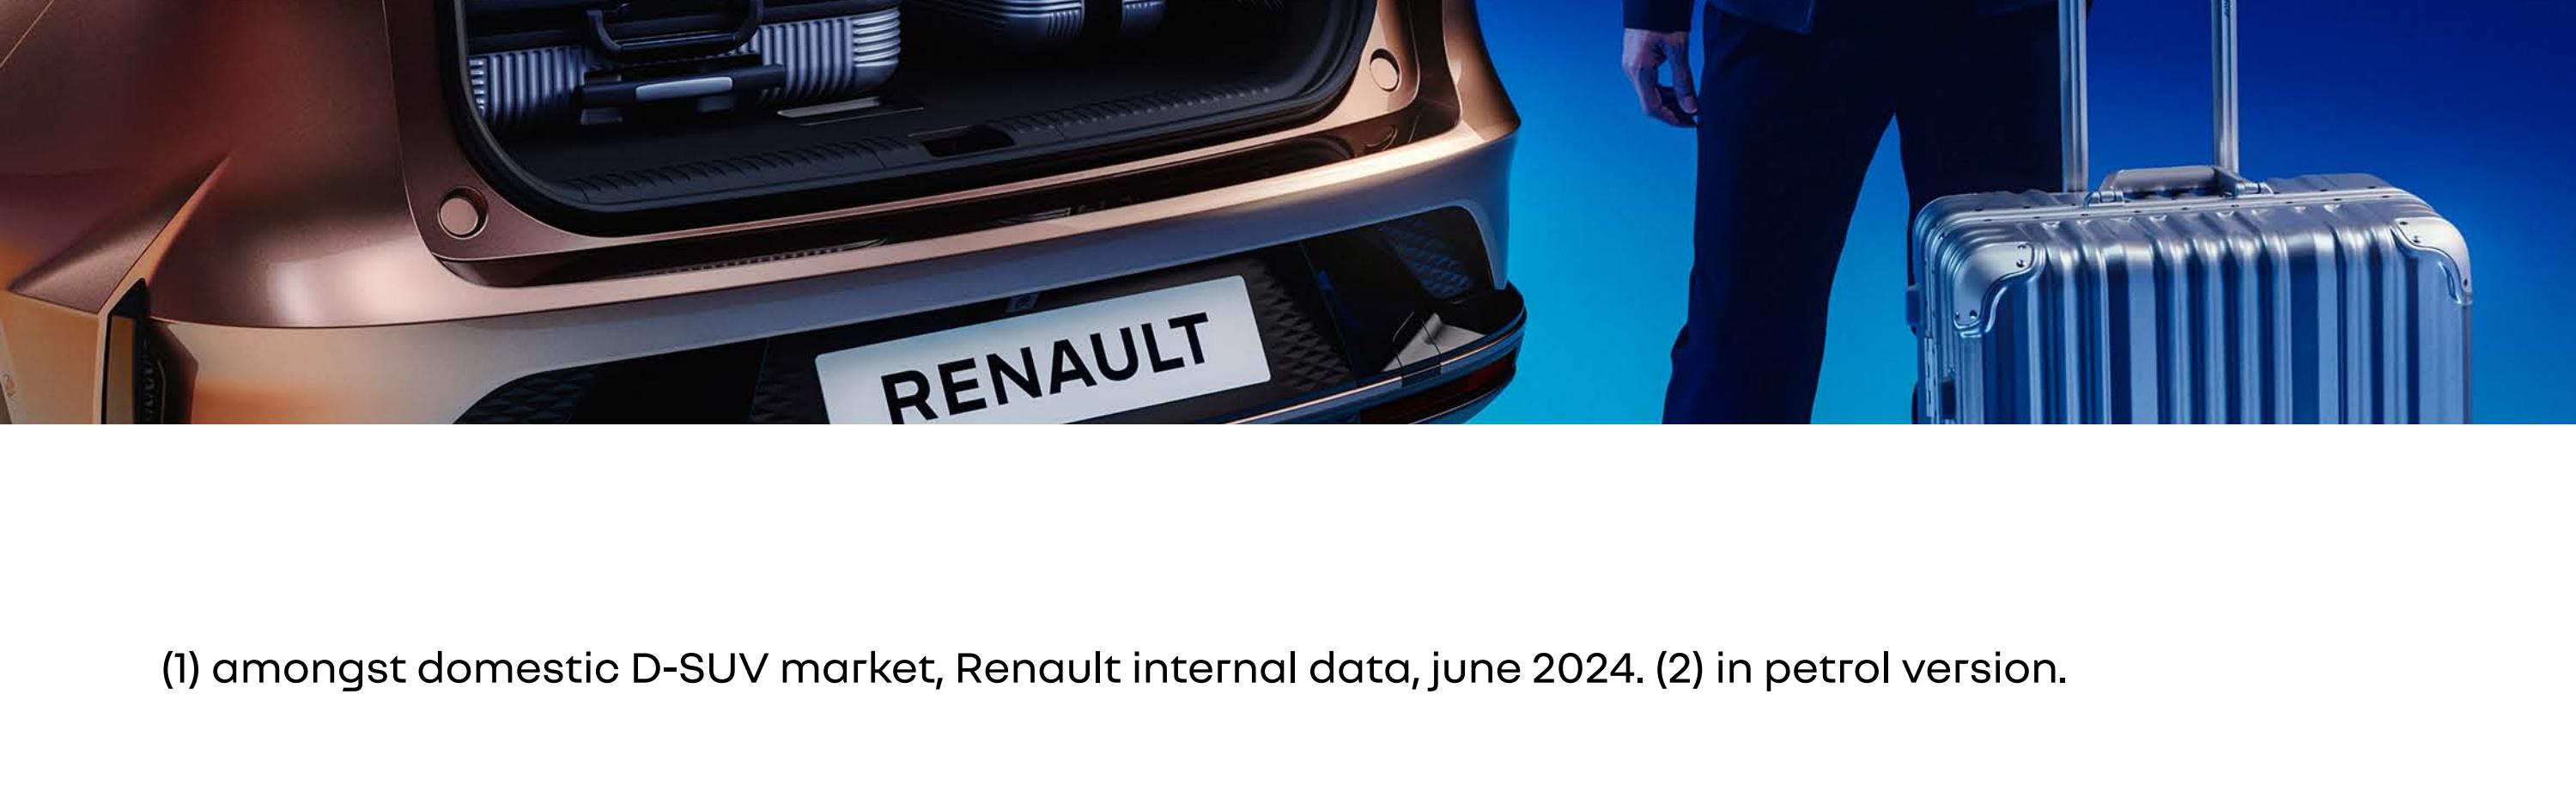

Intelligently distributed space for enhanced comfort. With 320 mm of knee space and 927 mm of headroom in the rear, Renault Grand Koleos leads its class in terms of roominess⁽¹⁾. For optimum convenience, take advantage of two USB-C ports to recharge your devices.

Whether you're the driver or a passenger, enjoy ergonomic seats, efficient and adjustable 3-zone air conditioning, and 27 L of well-distributed storage space throughout the cabin.

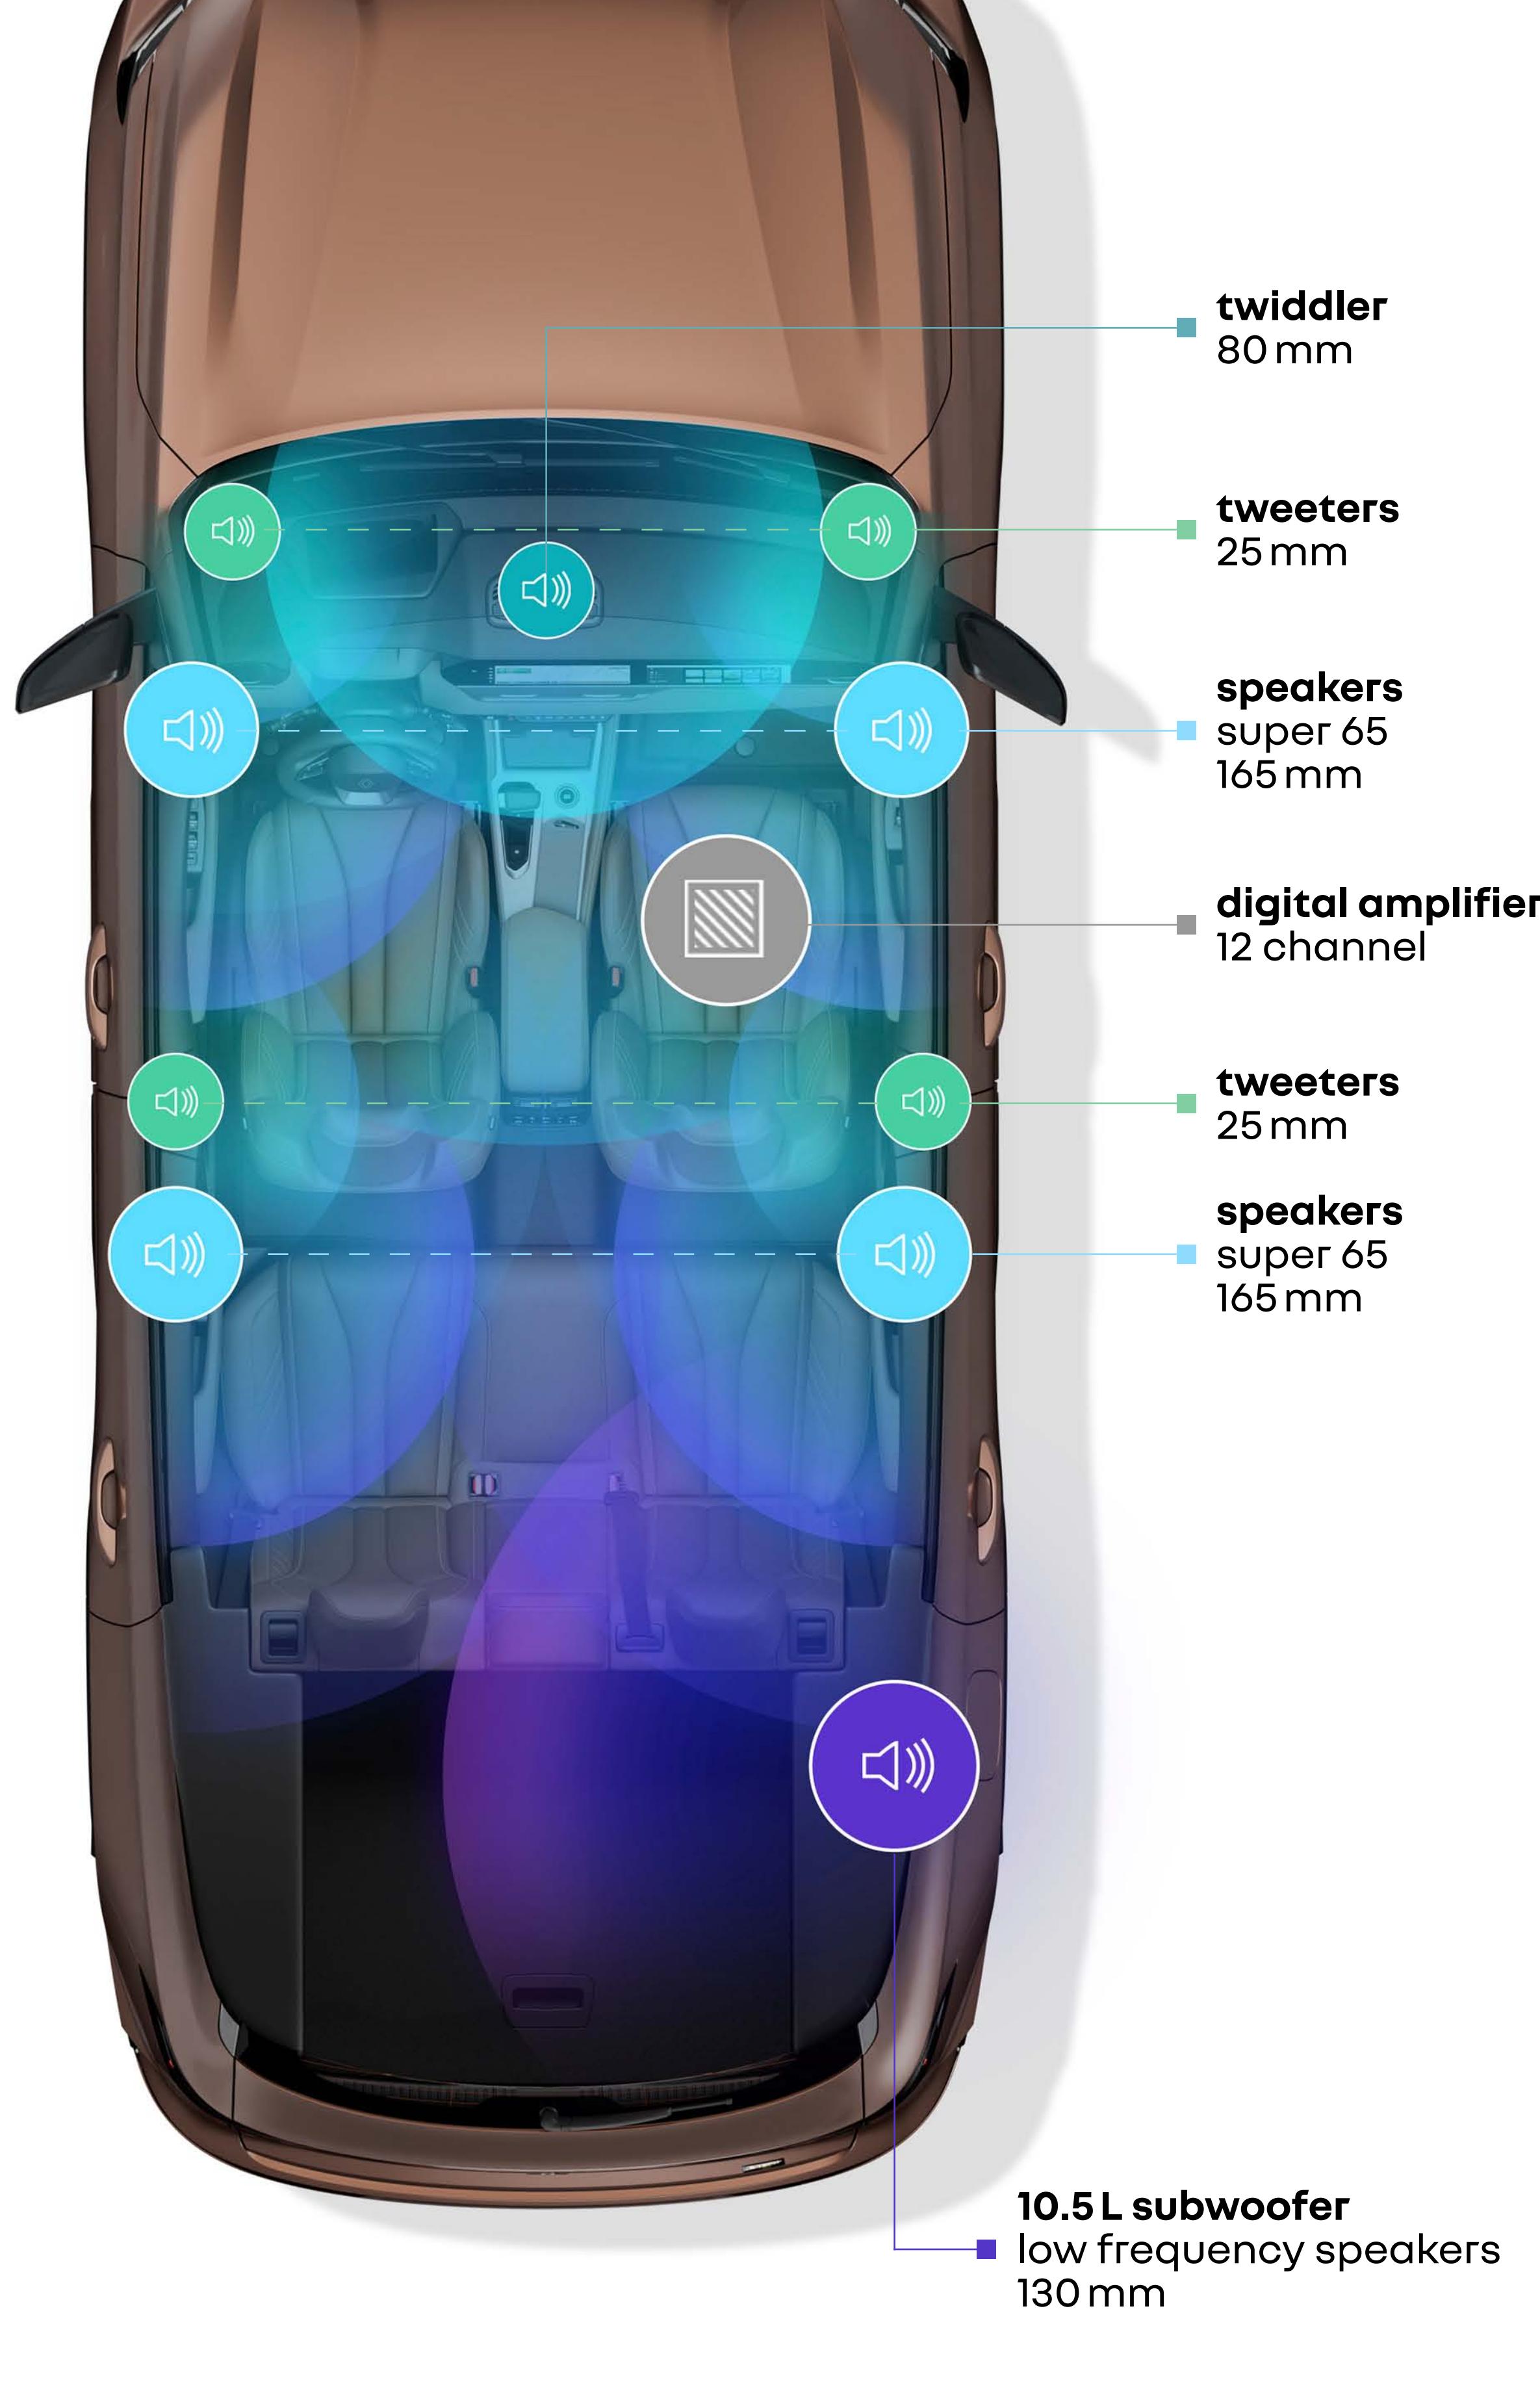

The 633 L trunk volume⁽²⁾ expands your possibilities, accommodating up to 4 golf bags.

(1) amongst domestic D-SUV market, Renault internal data, june 2024. (2) in petrol version.

sound emotion with Bose®

Experience an immersive sound system comprised of 10 premium speakers strategically placed throughout the cabin. With exclusive Bose® technology⁽¹⁾ and active noise cancellation, enjoy music as if you were in the front row of a concert⁽²⁾.

(1) optional. (2) best in class NVH performance with active noise cancellation.

the power of design

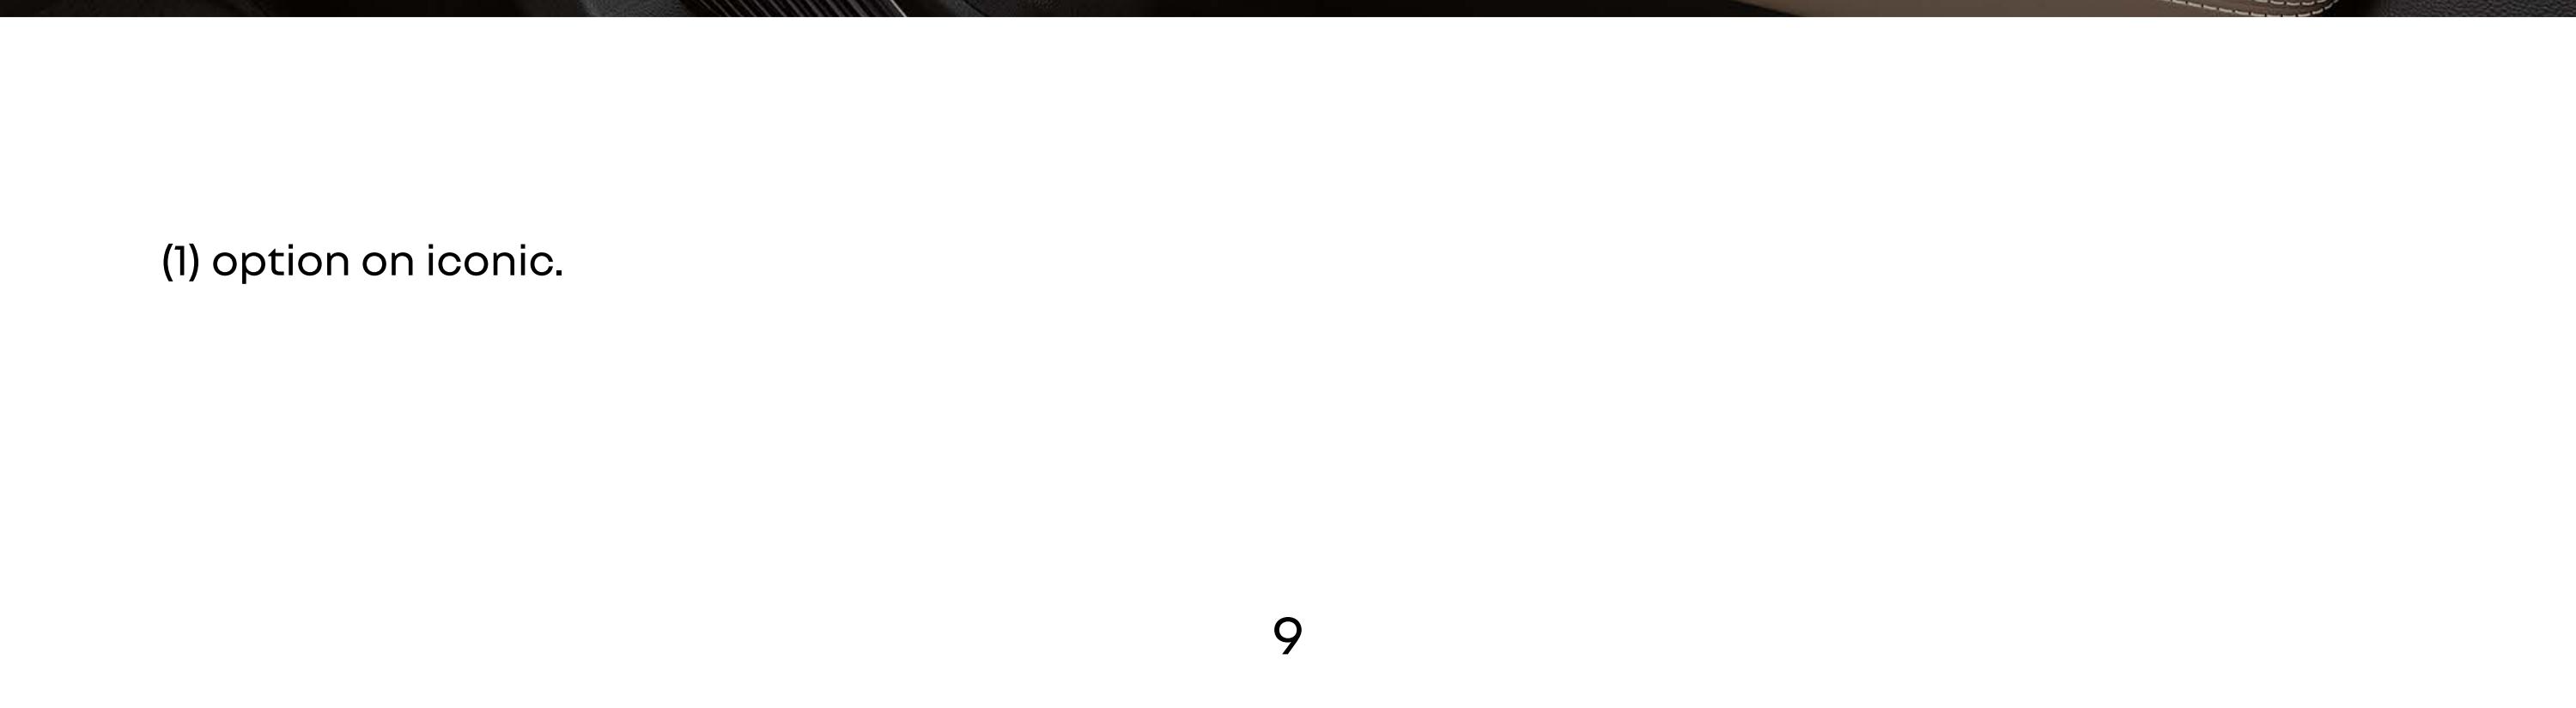

Featuring a signature grille stamped with the brushed aluminum Renault logo, a mineral cooper bodycolor, powerful shoulders, and meticulously designed LED rear light strip, the exterior design of Renault Grand Koleos embodies a sharp and athletic style.

The glossy black signature grille is finely detailed, embodying quality performance. The sturdy 20" highland wheels⁽¹⁾ enhance the robustness and wideness of the design.

Inside, the light brown color upholstery⁽¹⁾, paired with customizable ambient lighting, creates a refined and soothing aesthetic universe.

⁽¹⁾ option on iconic.

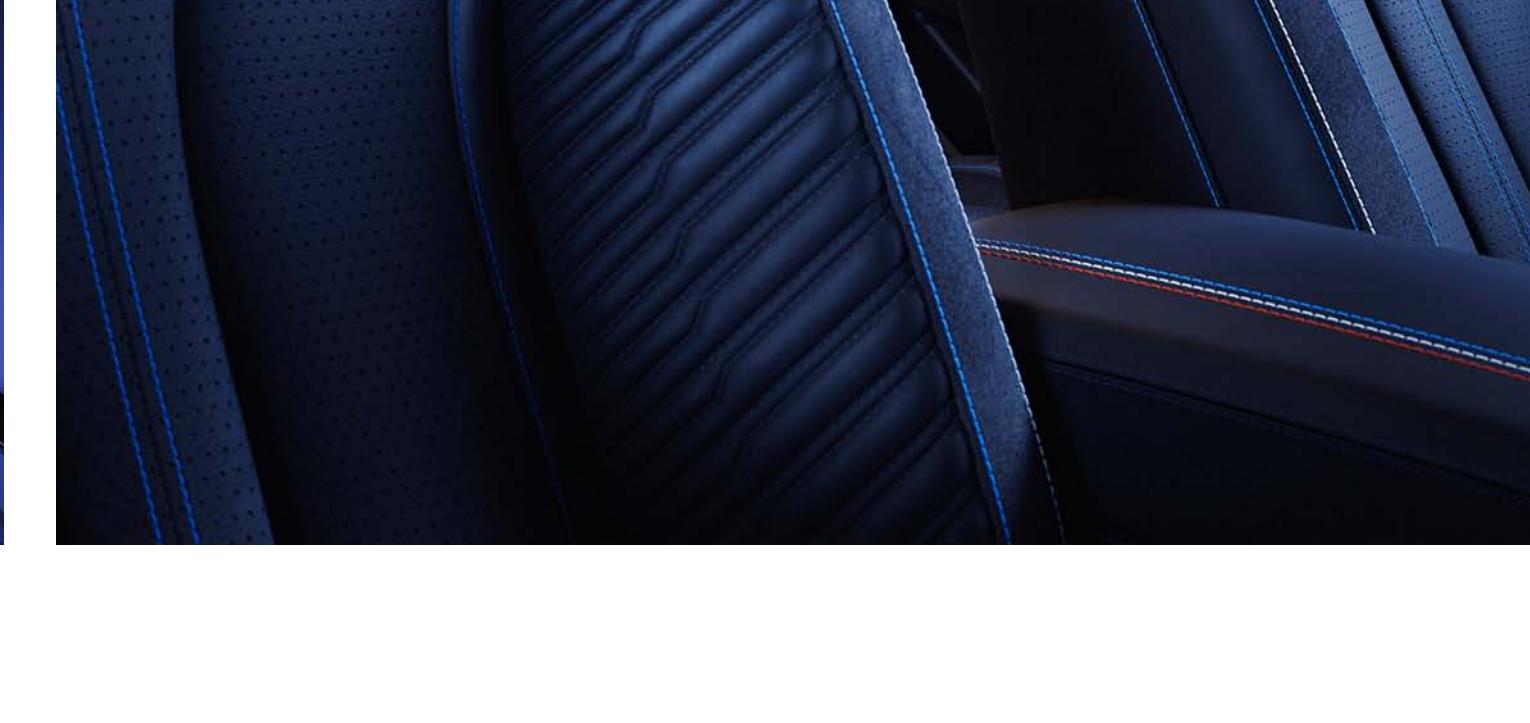

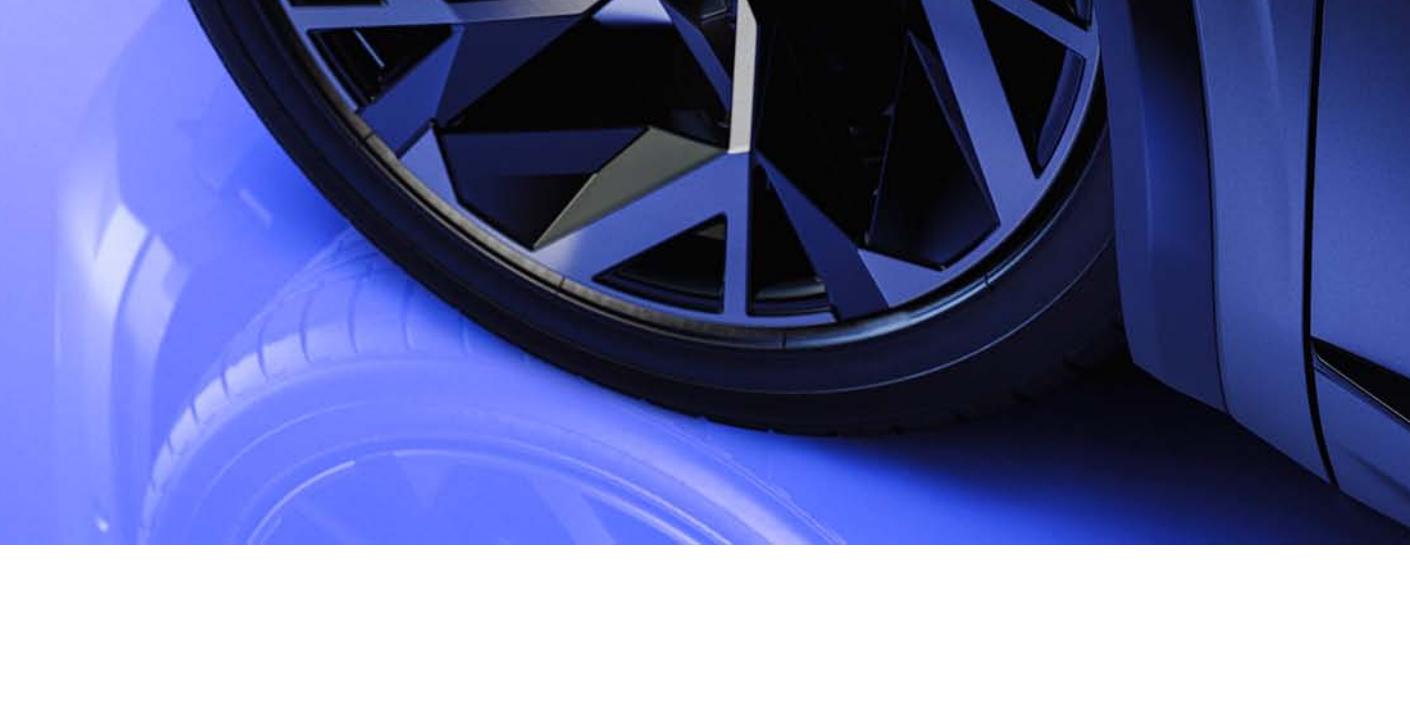

03. design

esprit Alpine version

Alpine, the iconic French motorsport brand founded in 1955, extends its historic collaboration with Renault through this version inspired by racing codes: exclusive two-tone satin gray finish, and black and glossy blue exterior details on the grille, bumpers, and doors.

The esprit Alpine version asserts its exclusive character through its 20" peak wheels and its specific badge positioned on the front wings. The interior stands out with its Alcantara upholstery accented with blue/white/red stitching and adorned with the Alpine logo.

04. driving experience

E-Tech hybrid engine

Renault has developed an efficient E-Tech hybrid technology. For a unique driving experience, this engine combines handling and road-holding thanks to precise steering and fine-tuning of the shock-absorber.

**E-Tech
hybrid
245 ps**

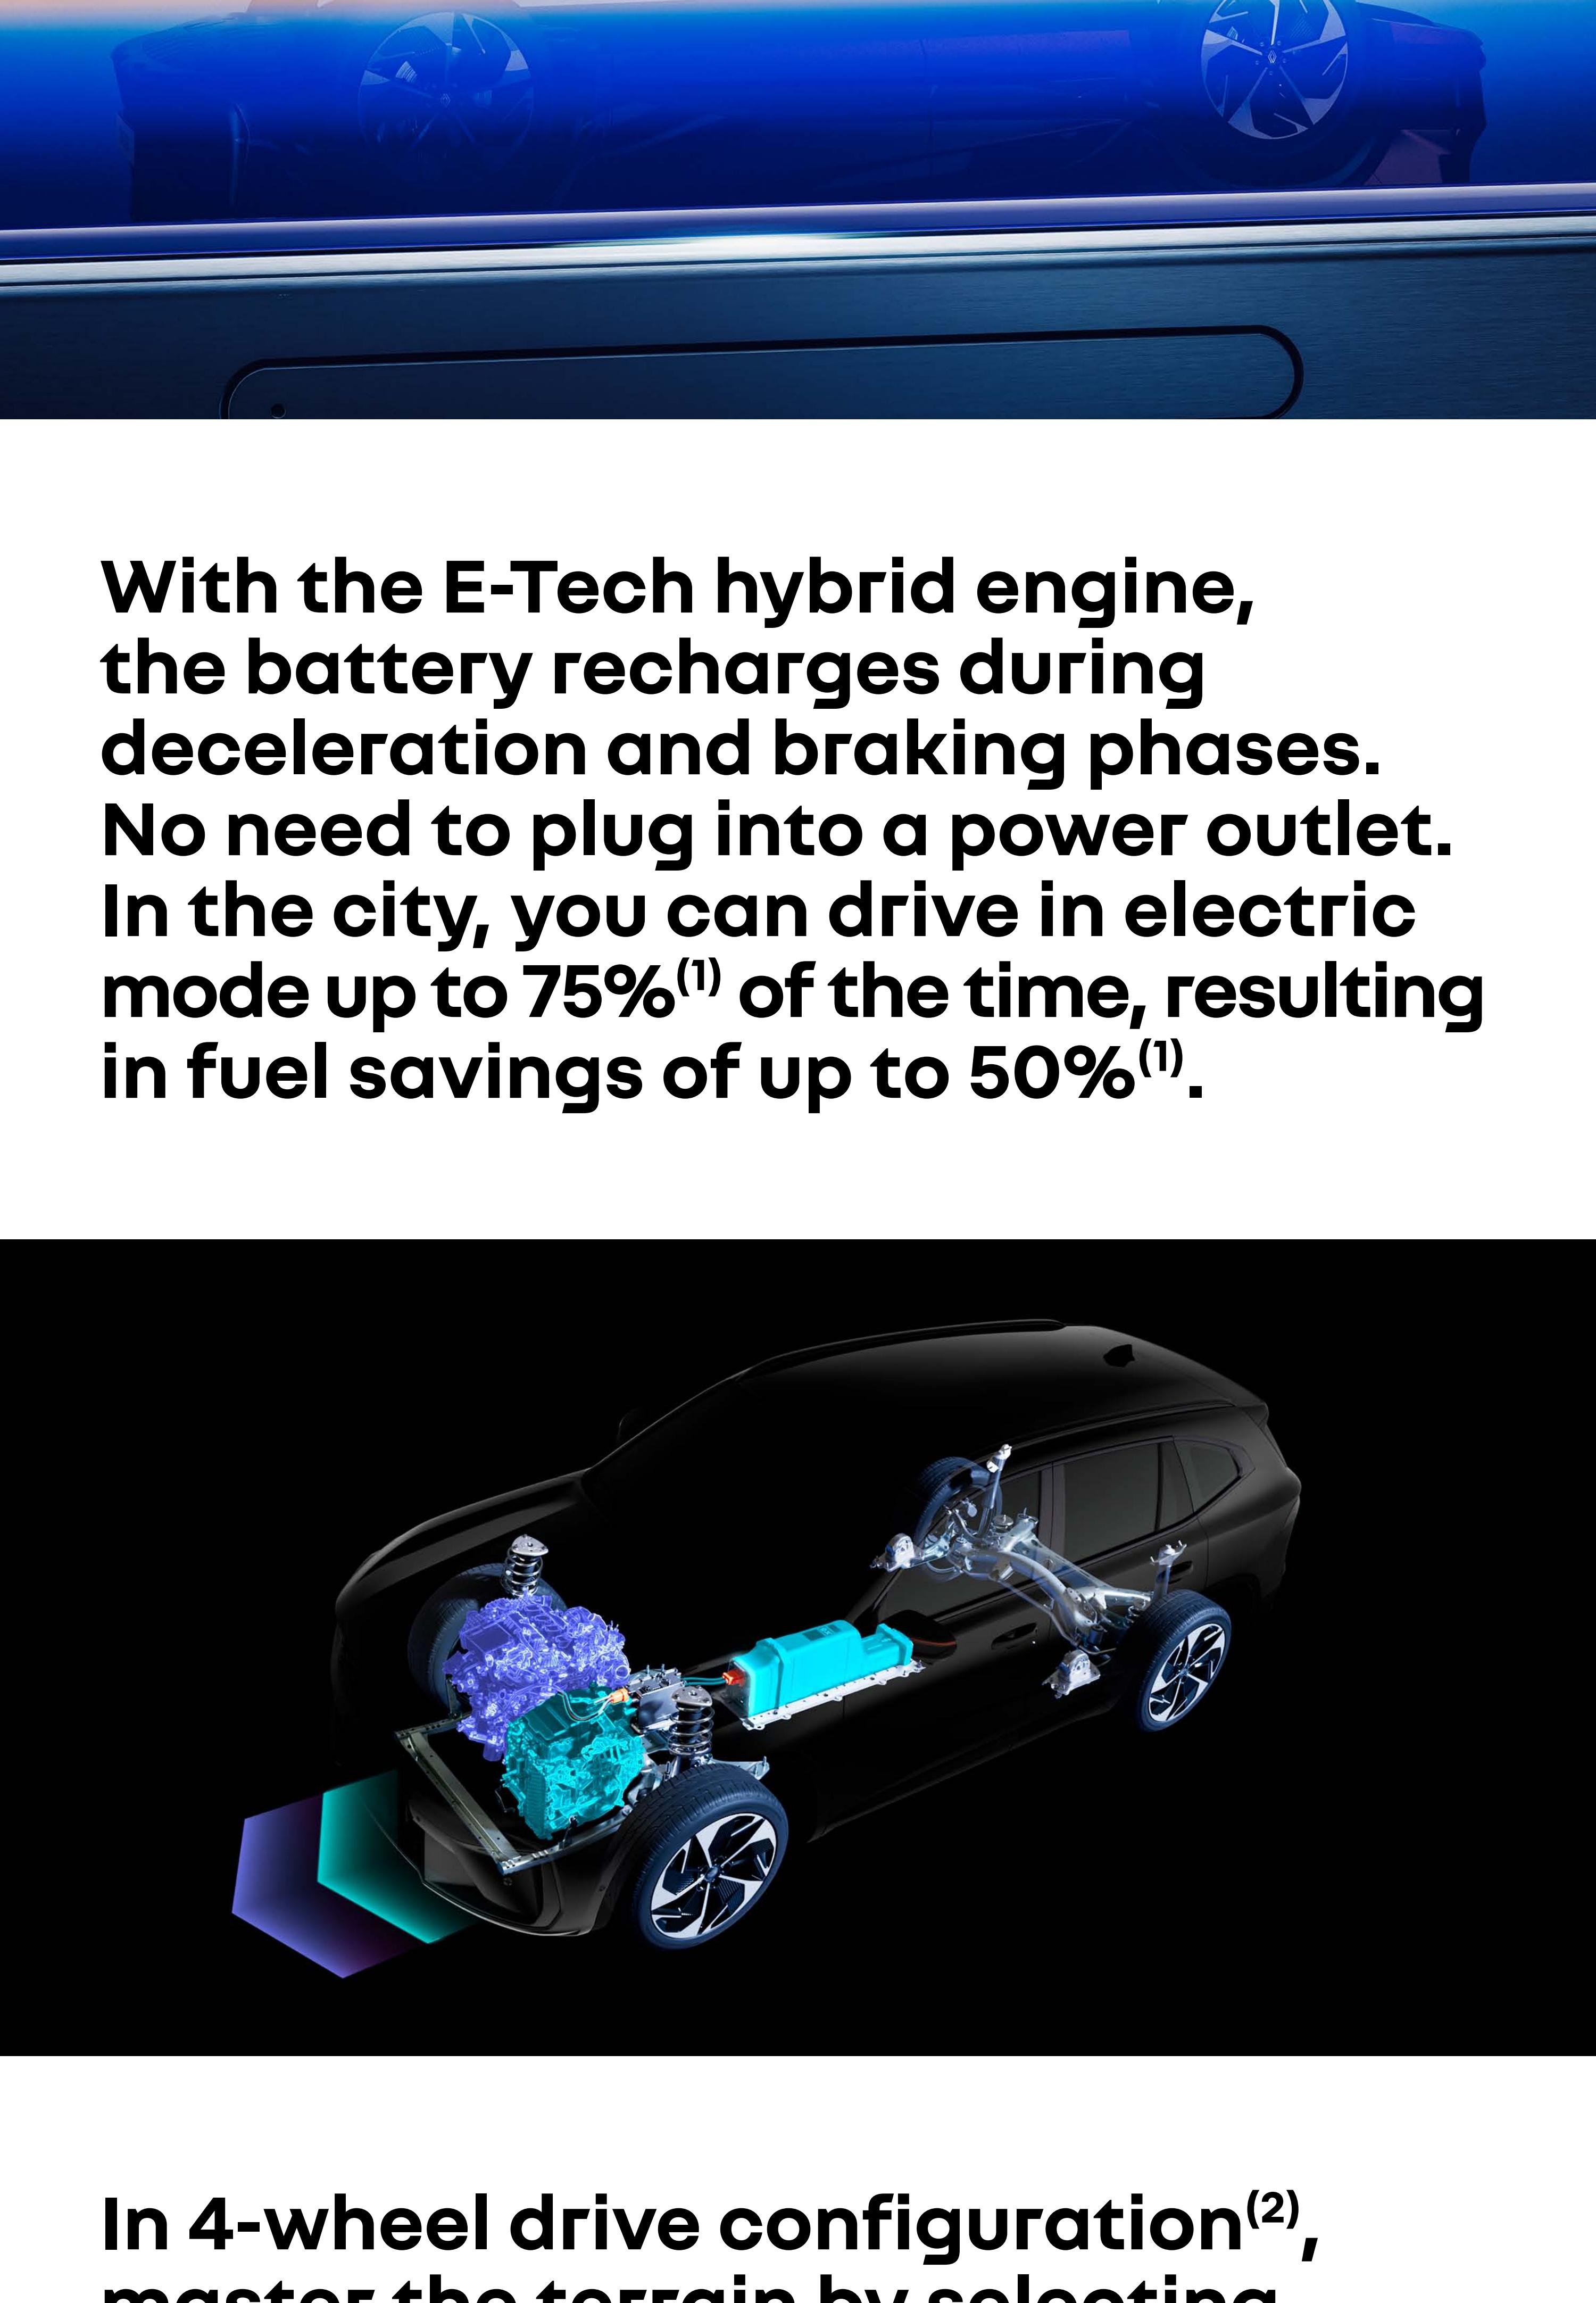

**higher power with
100 kW
electric motor**

**up to
50%
fuel savings**

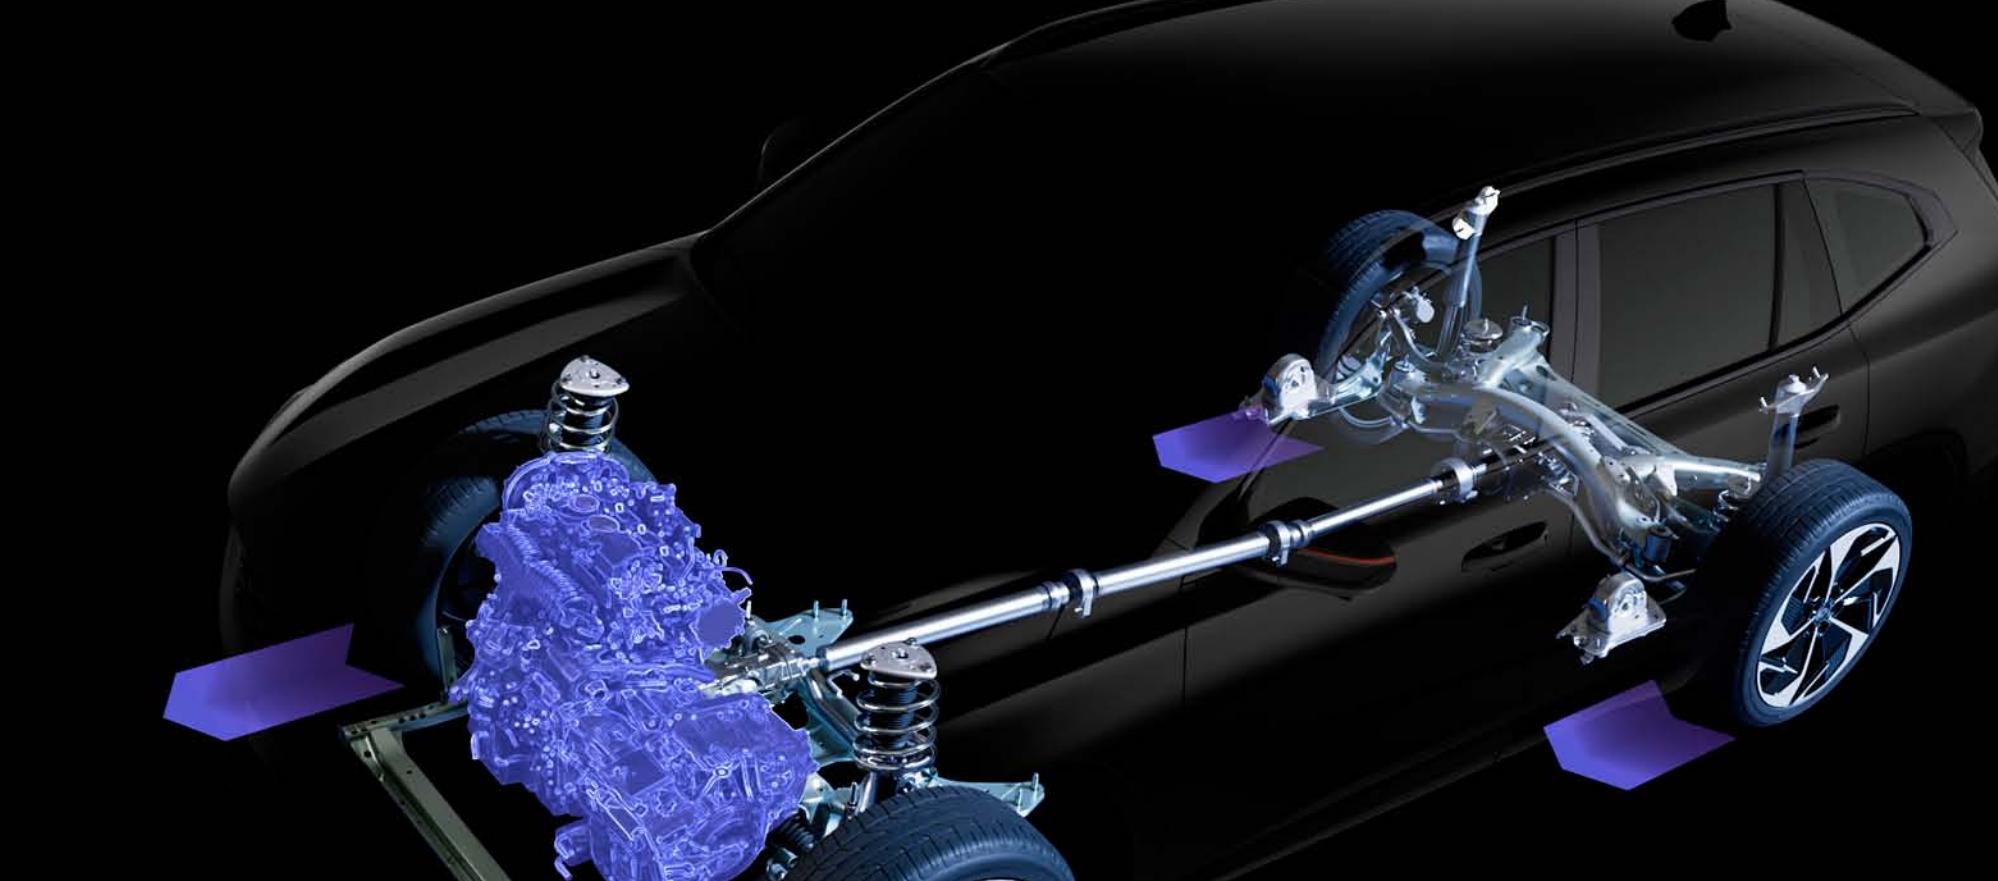

**up to
75%
electric driving
in the city**

**from
105 g
CO₂ emission⁽¹⁾**

**from
15.4 km/L
fuel consumption⁽¹⁾**

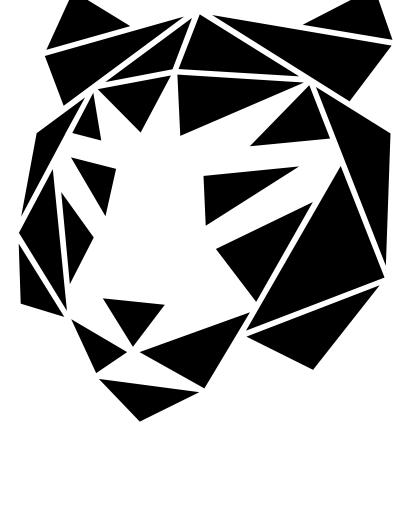

With the E-Tech hybrid engine, the battery recharges during deceleration and braking phases. No need to plug into a power outlet. In the city, you can drive in electric mode up to 75%⁽¹⁾ of the time, resulting in fuel savings of up to 50%⁽¹⁾.

In 4-wheel drive configuration⁽²⁾, master the terrain by selecting the appropriate driving modes from the 6 options available: comfort, eco, sport, AI, snow, and off-road. For your safety, the descent control system automatically regulates speed based on the slope.

06. advanced driver-assistance systems

31 advanced driver-assistance systems

active driver assist with automatic lane change assist

It regulates the speed taking into account the road context, maintains the safety distances and ensures the centering in the lane. When traffic slows down, the vehicle stops and starts again automatically

augmented reality head-up display

The head-up display makes it possible to broadcast data to the driver in his direct field of vision and thus to know the driving information without taking your eyes off the road.

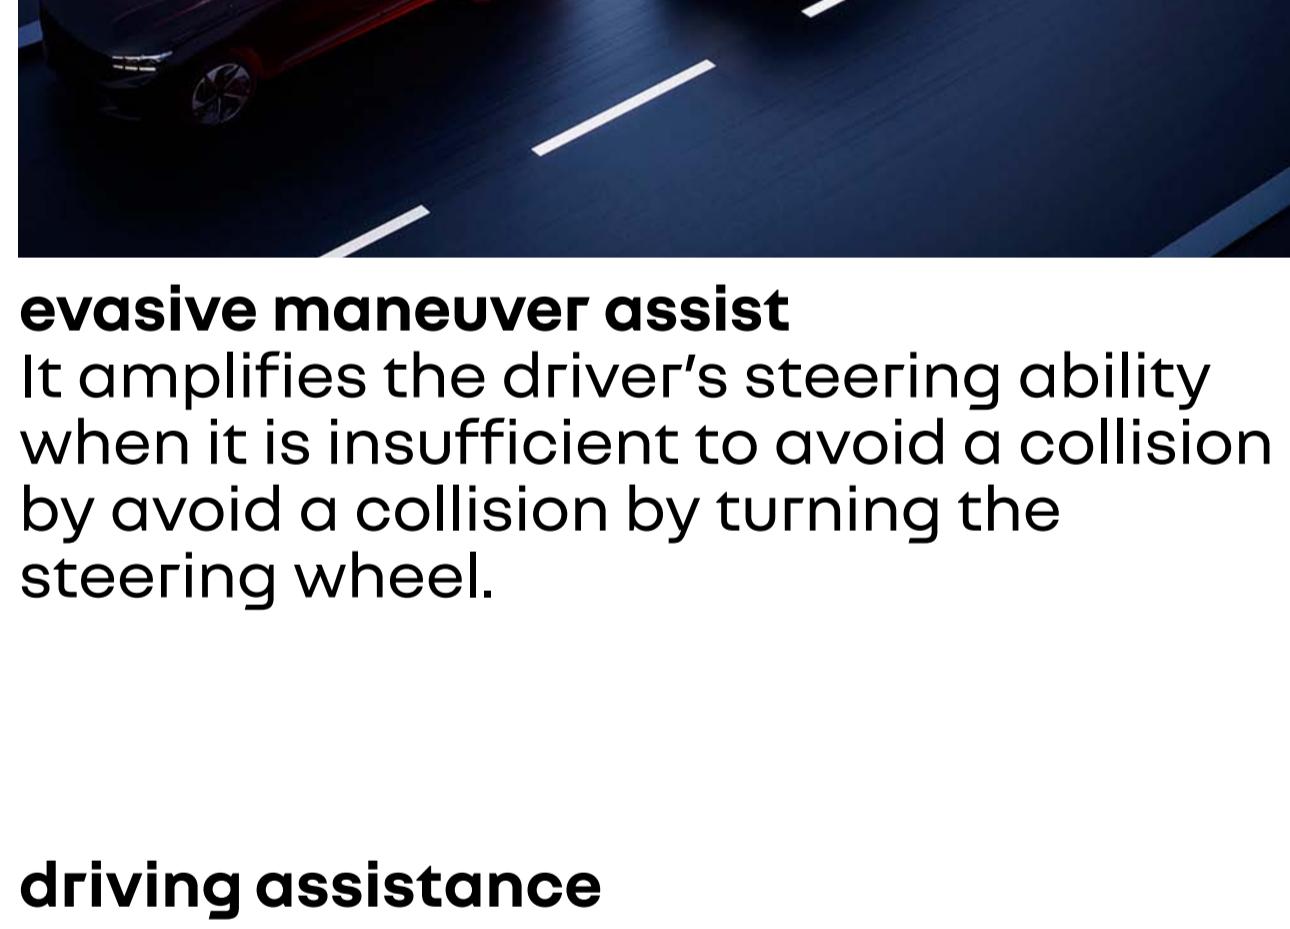

clearview transparent chassis

Through the openR panorama's central display, it helps avoid hazards close to the vehicle, as well as collisions with nearby obstacles.

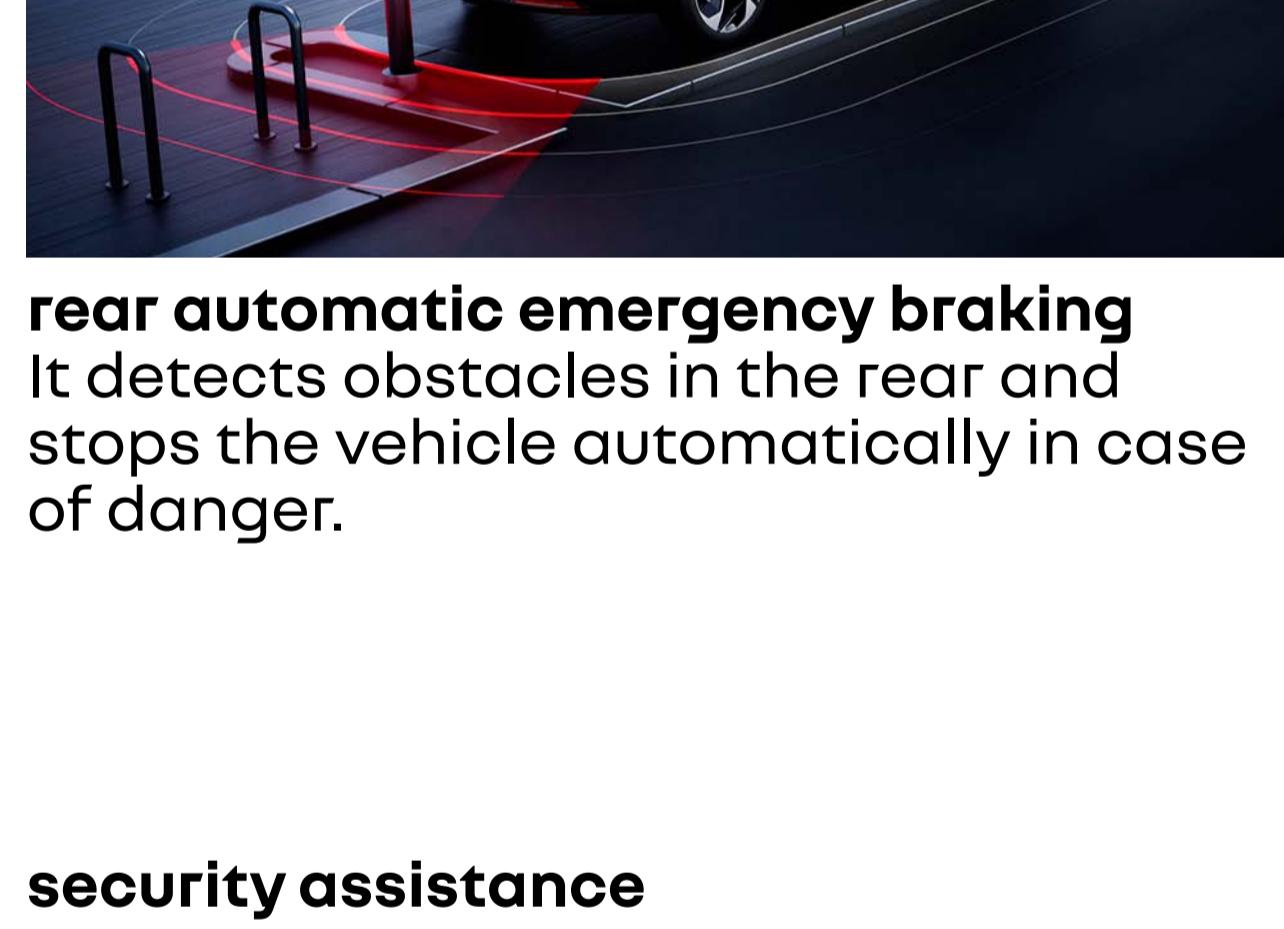

full automatic parking

It identifies and measures your parking space, and performs all the maneuver automatically.

evasive maneuver assist

It amplifies the driver's steering ability when it is insufficient to avoid a collision by avoid a collision by turning the steering wheel.

rear automatic emergency braking

It detects obstacles in the rear and stops the vehicle automatically in case of danger.

**the human first program
is a comprehensive safety
program developed by Renault
in collaboration with researchers,
experts and fire-fighters.**

**because road safety is the business
of all road users - be they pedestrians,
cyclists or motorists - the human first
program by Renault undertakes to:**

- 1. prevent accidents by developing safety equipment
and advanced driving and safety assistance systems**
up to 32 advanced driving assistance systems / more than 60 safety systems, up to 7 airbags, child seats (Isofix), Renault's Fixe4sure solution / more than 2,000 safety-related patents filed since 1970
- 2. manage accidents once they have happened by drawing
on innovations developed in collaboration with fire-fighters**
QRescue / Fireman Access / more than 5,000 fire-fighters trained over the past 10 years in 20 countries throughout the world / around 400 cars given per year for their training
- 3. reduce the number of accidents and their severity by investing
massively in R&D**
safety score / safety coach / connected services / big data / artificial intelligence and cybersecurity systems

(2) free for 5 years after new car delivery. (3) cinema app is provided free of charge for 5 years after the delivery of a new car.

Every precaution has been taken to ensure that the contents of these technical specifications were accurate and up-to-date at the time of release. This document was created using pre-production models and prototypes. In line with its policy of continuous product improvement, Renault reserves the right to modify the specifications, vehicles and accessories described and featured at any time. Any such modifications are communicated to Renault dealers as quickly as possible. Depending on the country of sale, versions may differ and some equipment may be unavailable (standard, optional or accessories). Please contact your nearest dealer for the latest information. For reasons to do with the medium, the colours featured in this document may differ slightly from those of the actual paintwork or interior trim. All rights reserved. Reproduction in any format and by any means of all or part of this brochure is prohibited without prior written authorisation from Renault.
